

**Jocelyne CABOCHE**

**CNRS Research Director, (DRCE)**

Co-Head of the team "Neuronal Signaling and Gene Regulation"

Lab. Neurosciences Paris Seine/IBPS

CNRS UMR8246, INSERM UMRS-1130, Sorbonne University, Paris France

**EDUCATION/TRAINING**

- **2002-** Habilitation of research supervision
- **1996:** Staff Scientist, 1<sup>st</sup> Class, Group Leader, *UPMC*
- **1992:** Staff Scientist, 2<sup>nd</sup> Class, *UPMC*
- **1992-1994 :** Post-doctoral fellow, Molecular Oncology (Pr D. Stéhelin), *Institut Pasteur Lille* .
- **1987-1992:** Graduate student, Neuroscience, *Université Paris 6*

**PATENTS & VALORIZATION**

- **2015-** present: co-founder and Scientific Director of *Melkin Pharmaceuticals*.
- **2014-** patent WO20155218- A Selective inhibitor of c-Fos and their antiproliferative properties.
- **2011-patent Wo06033 :** Methods and pharmaceutical composition for the treatment of huntington's disease
- **2010-** patent WO2010/037841- Pepsignal and depression.
- **2006-** patent WO 2006/08724- Pepsignal Concept.

**DISTINCTIONS**

- **2012** *Chevalier de la legion d'honneur*
- **2011** CNRS award for scientific excellence
- **2010** Translational Research Interface price
